EXPERIENCE

Year 2021-2024

Company Name: **Gunebakan Joint Venture**

Job Position: **Junior Project Manager**

About the Project

Gunebakan is a construction project carried out by a joint venture of 3 entities on a 22,870.97 m2 area, composed of 18 independent residential units along with co-living spaces.

Achievements

- Led stakeholder meetings, facilitated negotiations, and documented requirements to define the joint venture structure and goals, resulting in fully aligned stakeholder commitment.
- Established a 3-year project timeline, developed a budgeting method for ~\$3M, and identified other key resources, resulting in defining the project scope and Project Charter for stakeholders.
- Prepared Work Breakdown Structure, and assigned responsibilities accordingly, to a core team of 5.
- Executed the tendering process to select 10+ cost-effective subcontractors within the required quality standards, led contract negotiations, and drafted agreements that eventually led to ~10-15% cost-effective agreements.
- Monitored scheduled activities on a daily basis to ensure operational progress and budget alignment. Prepared regular project status reports and dynamic cash flow forecasts.
- Constructed risk registers and strategies to address them proactively.
- Held regular stakeholder meetings and acted as a communication bridge to align key shareholders' decisions to ensure seamless project execution.
